

EWEA

THE EUROPEAN WIND ENERGY ASSOCIATION

DISCOVER YOUR BENEFITS

Non-profit organisations

A¹

Associations that are widely recognised for their activities in the field of wind energy and which are legally based in the European Union, accession countries to the EU or EFTA countries. The A¹ category is divided into three sub-categories:

- **Large associations** with more than 500 members and/or an annual turnover of more than €500,000;
- **Medium-sized associations** with between 100 and 500 members and/or an annual turnover between €100,000 and €500,000;
- **Small associations** with less than 100 members and/or an annual turnover below €100,000.

A²

All other non-profit organisations with a direct or indirect interest in the wind industry. This category includes research and academic institutions active in the field of wind energy and which do not qualify for the C category as part of their commercial activities.

Corporations

C¹

Corporations with a global turnover in wind energy of over €50 million; developers, power producers and asset owners with a global installed capacity of over 200 MW (1 MW capacity in development accounts for 0.5 MW).

C²

Corporations with a global turnover in wind energy of between €10 million and €50 million; developers, power producers and asset owners with a global installed capacity of between 100 MW and 200 MW (1 MW capacity in development accounts for 0.5 MW).

C³

Corporations with a global turnover in wind energy of between €1 million and €10 million; developers, power producers and asset owners with a global installed capacity of between 30 MW and 100 MW (1 MW capacity in development accounts for 0.5 MW).

C⁴

Corporations with a global turnover in wind energy below €1 million; developers, power producers and asset owners with global installed capacity of below 30 MW (1 MW capacity in development accounts for 0.5 MW).

Leading Members

LM

The Leading Member category is divided into three sub-categories, each of them benefiting from a specific set of services in accordance with their activities and strategic interest. The sub-category allocation shall be determined in accordance with the profile of that corporation:

- **Market Leaders (LM¹);**
- **Manufacturers and other corporations (LM²);**
- **Developers, power producers and asset owners (LM³).**
